

Kimblesworth and Plawsworth Parish Council

Freedom of Information and Publication Scheme

v1 April 2021

Introduction

Under the Freedom of Information Act it is the duty of every public authority to adopt and maintain a publication scheme. The Information Commissioner's Office (ICO) changed the emphasis in the approval and operation of publication schemes to a generic model which has been adopted and is now operated by Kimblesworth and Plawsworth Parish Council (KPPC).

Freedom of Information

The scheme commits KPPC:

- To proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by the authority and falls within the classifications below.
- To specify the information which is held by the authority and falls within the classifications below.
- To proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- To produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- To review and update on a regular basis the information the authority makes available under this scheme.
- To produce a schedule of any fees charged for access to information which is made proactively available.
- To make this publication scheme available to the public.
- To publish any dataset held by the authority that has been requested, and any updated versions it holds, unless the authority is satisfied that it is not appropriate to do so; to publish the dataset, where reasonably practicable, in an electronic form that is capable of re-use; and, if any information in the dataset is a relevant copyright work and the public authority is the only owner, to make the information available for re-use under the terms of the Re-use of Public Sector Information Regulations 2015, if they apply, and otherwise under the terms of the Freedom of Information Act section 19.

The term 'dataset' is defined in section 11(5) of the Freedom of Information Act.

The term 'relevant copyright work' is defined in section 19(8) of that Act.

Manner of Publication

The Parish Council feels it is important that all sections of the community can access the council's information, and systems are in place to make the listed information available to the public as easily as possible.

- Where possible, information has been placed on the Parish Council website at www.kimblesworthandplawsworthparishcouncil.co.uk
- Where this is not possible the information is available from the Parish Clerk – and/or paper copies can be sent through the post.
- In exceptional circumstances some information may be available only by viewing in person. Where this manner is specified, contact details will be provided. An appointment to view the information will be arranged within a reasonable timescale.
- Information will be provided in the language in which it is held or in such other language that is legally required. Where an authority is legally required to translate any information, it will do so.
- Obligations under disability and discrimination legislation and any other legislation to provide information in other forms and formats will be adhered to when providing information in accordance with this scheme.

Information available from Kimblesworth and Plawsworth Parish Council under the publication scheme
